

My strategy was successful because...

The steps I followed were...

The math words I used were...

I solved the problem by...

A graph (table, T-chart, picture) shows this the best because...

I decided to use a...

The most important thing I learnt in numeracy today is...

A question I had was...

We do this at home when we...

I did something like this before when...

I thought of...

This new numeracy idea is like...

Today, I felt...

I need help with because...

The hardest part of this unit on
is...

The thing I like best about numeracy
is...

I noticed...

I found the answer by...

I knew that...

I wonder...

The best way to solve this problem would be to...

I need to work on...

I learnt that...

I discovered that...

I know this because...

Another strategy I could use would be...

The strategy I used was...

I know my answer is correct because...

I can prove my thinking by...

I solved the problem by...

I can check my answer by...

I know the answer is reasonable because...

The first thing I did to solve the problem was...

Twenty-four cards with reflective sentence starters.

I predict that...

Today I learnt...

Today I figured out...

Today I discovered...

Today I explored...

I want to know more about...

I'm most proud of...

I'm determined to...

I wonder...

The most challenging thing
was...

Today I found out...

The most difficult thing was...

Today I asked...

Today I was successful
because...

I am proud of myself today
because I...

I used my time well today
because I...

I discovered...

Next time I will remember
to...

It's cool how...

I'm confused about...

Now I know...

I was surprised that...
